German - Beginner Level

ABOUT ME

I graduated from Kütahya Dumlupınar University with a degree in Computer Engineering. I have developed user-focused web interfaces using HTML, CSS, and JavaScript, and created back-end solutions with PHP and Laravel. I am currently focusing on iOS application development using Swift and Xcode, producing innovative projects in the mobile field. In addition to my engineering background, I have started studying Graphic Design at Istanbul University to improve my creativity and visual communication skills.

EXPERIENCE

JUN 2022 – AUG 2022

AKPINAR INFORMATION TECHNOLOGY SERVICES

IT Services and IT Consulting - Intern

I supported the installation, configuration, and maintenance of network infrastructure.
I provided technical assistance for hardware, software, and network issues.
I contributed to the configuration of servers, firewalls, and routers.

NOV 2024 – DEC 2024

KODUGECER CREATIVE SOLUTIONS

Front-End Developer - Intern

I worked on frontend and backend development, bug fixing, and version tracking in web projects.
I contributed to UI/UX design through prototyping, user flow creation, and visual design improvements.
I supported SEO-friendly content creation and page optimization processes.
I took part in bug tracking and testing processes.
I participated in code versioning and team collaboration using Git.
